

Information Security Policy Statement

Ref. ISEC013

The Policy of Logicom Solutions Ltd and its Business Consulting and Infrastructure Solutions and Services Divisions is the provision of specialized solutions and services to support the design and execution of the Business and IT Strategy of organizations.

This is achieved through a team of highly skilled and qualified consultants in a manner that information security standards are ensured. Based on this, our company can maintain its competitiveness and safeguard sensitive information in providing IT advisory services, analytics services, information security services, collaboration, networking, data centers, cloud and IoT solutions to customers in Cyprus and abroad.

Information Security in this context is considered to be of the highest importance and is maintained at all times by establishing and applying strong controls and measures through a framework of policies and procedures as part of a robust Information Security Management System. The management of Logicom Solutions Ltd is therefore, committed to providing services as per customer requirements while at the same time abiding to the relevant national legislation and regulations and relevant to the Information Security standards.

To achieve the above, Logicom Solutions Ltd has adopted and implemented an information security assurance management system compliant with ISO 27001.

Through the information security management system, the management continuously sets information security objectives and targets, assesses the performance of the company through information security performance indicators and reviews and revises its objectives and targets on a systematic basis, during management reviews, with the aim of continual improvement of both the information security management system and the corporate performance.

Our strengths are the highly qualified and experienced personnel, our relationship with world-renowned partners we have carefully selected and represent, and our continuous contact with customers and the market in general.

A handwritten signature in blue ink, appearing to read "Chrysostomos Kridiotis", written over a horizontal line.

Chrysostomos Kridiotis
Managing Director
Logicom Solutions Ltd
